"Royal Flush (clean a cappella)"

Hey

Woo

Alright baby

Oh

Oh

Yeah

I can make the pain disappear

And I can erase the past, ohh

I can make the future shine so bright

And I can make right now alright, yeah

I got it, you got it, we got the magic girl

I got it, you got it, we got the magic girl

I got it, you got it, we got the magic girl

I got it, you got it, we got the magic girl

All I got is concrete all around me, woo

But I can see the countryside

You can be rich when you're poor

Poor when you're rich

It can be raining and I can make the sun shine

I got it, you got it, we got (woo) the magic girl

I got it, (you know you got it baby) you got it, we got the magic girl

I got it, (I've got it baby) you got it, we got the magic girl

I got it, (You know I got it baby) you got it, we got the magic girl

I know sometimes sometimes you feel no hope

Well I've been there, I've walked that lonely road

I took whatever devil offered me

Because I knew that he would set me free

we got the magic girl

I got it, (magic baby) you got it, we got the magic (woo) girl

I got it, (we got the magic baby) you got it, we got the magic girl

I got it, you got it, we got the magic girl, woo

Science they can't prove it

But I know I can do it

I can fly

I can bend metal with my mind

I can wake up in a paradise, oh

We got that magic

We got that magic

We got that magic

Hey

We got that magic (We got that magic)
We got that magic (Oh, we got that magic)
We got that magic (Hey, we got that magic)
We got that magic (Oh, we got that magic)
We got that magic (Come on, we got that magic)
I got it, you got it, we got that magic girl
I got it, you got it, we got that magic girl
I got it, you got it, we got that magic girl
I got it, you got it
Everyday
