"Ritual"

Tonight, we're summoned for a divine cause

Remembrance, no, but for their future loss

This chapel of ritual

Smells of dead human sacrifices form the altar...

Beduins and Nomads

Carried through the times

Through pestilences and famines

These ancient scrolls of rhymes

Our fallen angel vexed

Was banished from the sky

Recite now, from the text

And pray for all to die

This chapel of ritual

Smells of dead human sacrifices from the altar bed

You sing it Frisco, yeah

On this night of ritual, invoking our master

To procreate the unholy bastard

Our father, who art in Hell
Unhallowed, be thy name
Cursed be thy sons and daughters
Of our nemesis who are to blame
Thy kingdom come, Nema
Tonight, we summoned for his unholy friend
Now celebrate the end
This chapel of ritual
Smells of dead human sacrifices from the altar bed
Come on!
On this night of ritual, invoking our master
To procreate the unholy bastard
Thank you San Francisco!
You do understand that we're not done, right?
Do you honestly believe that we'll leave you the shitty ending like that?
We do not believe in shitty endings you know?
You seem to believe in happy endings
I want you to promise yourselves and me
That tonight you will go home
Give either yourself and/or someone due to or close to you
An orgasm tonight
Will you promise me that?
That's good!

We're gonna do one last song now

Called incidentally this song is about happy endings

Specifically how could she, one female happy ending,

In slightly overcomplicated however ritualistic way

But before we let you go

Will you sing loud and clear a song to celebrate the female orgasm

In the name of Satan
