"Sparks"

I can't hear a single word
Just know you're talking, 'cause your lips keep moving
Everything I thought I learned
Goes out the window, all I want is one thing
You can promise castles, treasures, babies, I don't care
'Cause for now you're just enough for me, I want you near
Like a fairytale to feel your breath right on my neck
You remember what I love, so baby, take me back
Turn the lights down low and kiss me in the dark
'Cause when you're touching me, baby, I see sparks
You make my heart go
You
You, you make my heart go
You
You, you make my heart go
Ticking-tocking like a bomb
Throws me back to when I had you closer

Skin to skin, we get it on

Without the love, I feel you going bolder

You can promise castles, treasures, babies, I don't care

'Cause for now you're just enough for me, I want you near

Like a fairytale to feel your breath right on my neck

You remember what I love, so baby, take me back

Turn the lights down low and kiss me in the dark

'Cause when you're touching me, baby, I see sparks

You make my heart go

You

You, you make my heart go

You

You, you make my heart go

Take it all off, want every inch of you

Traveling back in time

Tangled uptight, just like we used to

Now do that thing I like

Turn the lights down low and kiss me in the dark

'Cause when you're touching me, baby, I see sparks

You make my heart go

You

You, you make my heart go

You

You, you make my heart go
