"Take Your Time"

I don't know if you were looking at me or not

You probably smile like that all the time

And I don't mean to bother you but

I couldn't just walk by

And not say hi

And I know your name

'Cause everybody in here knows your name

And you're not looking for anything right now

So I don't wanna come on strong

But don't get me wrong

Your eyes are so intimidating

My heart is pounding but

It's just a conversation

No, girl, I'm not wasted

You don't know me

I don't know you but I want to

And I don't wanna steal your freedom

I don't wanna change your mind
I don't have to make you love me
I just want to take your time
I don't wanna wreck your Friday
I ain't gonna waste my lines
I don't have to take your heart
I just wanna take your time
And I know it starts with hello
And the next thing you know you try to be nice
And some guys getting too close
Trying to pick you up
Trying to get you drunk
And I'm sure one of your friends is about to come over here
'Cause she's supposed to save you from random guys
That talk too much and wanna stay too long
It's the same old song and dance but I think you know it well
You coulda rolled your eyes
Told me to go to hell
Coulda walked away
But you're still here
And I'm still here
Come on let's see where it goes
I don't wanna steal your freedom

I don't wanna change your mind

I don't have to make you love me

I just wanna take your time

I don't have to meet your mother

We don't have to cross that line

I don't wanna steal your covers

I just wanna take your time

I don't wanna go home with you, woah-oooh-oh, oh

I just wanna be alone with you

I don't wanna steal your freedom

I don't wanna change your mind

I don't have to make you love me

I just wanna take your time

I don't wanna blow your phone up

I just wanna blow your mind

I don't have to take your heart

I just wanna take your time

No, I ain't gotta call you baby

And I ain't gotta call you mine

I don't have to take your heart

I just wanna take your time
