## "Wasted"

Ha, ha, ha, ha, ha, ha

(I'm wasted)

Ha, ha, ha, ha

Ha, rock star lifestyle might don't make it

Living life high everyday click wasted

Sipping on purple stuff rolling up stanky

Wake up in the morning ten o'clock drinking

Party, party, party, let's all get wasted

Shake it for me baby girl, do it butt naked

I'm so wasted, she so wasted shout the bartender

Send twenty more cases

Geeking like Whitney, geeking like Britney

Gucci no hippie but it's on like Jimmy

X Pill poppers geeked up crazy whole click rolling

Everyone wasted purple codeine Sprite pink don't waste it

Mix up, grandma drank it and didn't taste it

Now grandma sipping syrup leaning wasted

Walking 'round fuck up  
Twisting her finga home gurl  
Slipped up drunk got wasted now  
She back stage an she tryna get famous  
Hit me up the drinky, drinky Gucci Mane shake it  
Club night, damn right, Gucci Mane wasted  
Rock star lifestyle might don't make it  
Living life high everyday click wasted  
Sipping on purple stuff rolling up stanky  
Wake up in the morning ten o'clock drinking  
Party, party, party, let's all get wasted  
Shake it for me baby girl, do it butt naked  
I'm so wasted, she so wasted shout the bartender  
Send me twenty more cases  
I don't wear tight jeans like the white boys  
But I do get wasted like the white boys  
Now I'm looking for a bitch to suck dis almond joy  
Said she gotta stop sucking 'cause her jaw's sore  
Gotta bitch on the couch, bitch on the floor  
Party just popping up but now he rolling more  
Rolled on, three pills now, he on four I don't know, why?  
But that Remy turned into a whore  
Walked in the club, pocket full of big faces

Got the forty on my waist and it's off safety  
'Bout forty goons wit' me and we all wasted  
Only Remy straight tonight dog no chasing  
Rock star lifestyle might don't make it  
Living life high everyday click wasted  
Sipping on purple stuff rolling up stanky  
Wake up in the morning ten o'clock drinking  
Party, party, party, let's all get wasted  
Shake it for me baby girl, do it butt naked  
I'm so wasted, she so wasted shout the bartender  
Send me twenty more cases  
Whole click faded we geeked up crazy  
Big boy bracelet we white boy wasted  
No shirt, fuck it unless your arms tatted  
We slopping trunk disgusted the liquor keep wasting  
285 east side me and Plies wasted  
Racing seven big booty broads chasing  
Spring break fifty thousand white girls shake it  
Some dancing naked  
But everyone's wasted  
Magic city Monday  
Ball players wasted  
This one for yo' uncle drinking Thunderbird wasted

Twelve pack wasted  
I need more cases  
And Gucci not a racist  
All my diamonds Caucasians  
Rock star lifestyle might don't make it  
Living life high everyday click wasted  
Sipping on purple stuff rolling up stanky  
Wake up in the morning ten o'clock drinking  
Party, party, party, let's all get wasted  
Shake it for me baby girl, do it butt naked  
I'm so wasted, she so wasted shout the bartender  
Send twenty more cases  
Ha ha ha  
This is GPSA (Gucci!)  
(Ghetto public service announcement)  
We don't get fucked up no more, we get wasted  
Gucci Mane, Plies, Fat Boi, wasted
