"Watch This (ARIZONATEARS Pluggnb Remix)"

Jump in a whip that you've never seen (yeah)

It got bulletproof glass and a ceiling screen (err)

"Let me guess, it cost you like a hundred thousand?"

No, little bitch, it cost seven beans (vyoom, I'm-)

I'm doin' what you do in your dreams

I fucked your bitch pussy, Vaseline (yeah)

These bitches always wan' caption me

Hatin' ass nigga turn me to meme (yeah)

Fucked all y'all bitches like ten of me

On the real it was just me and Mean (yeah)

We don't know how tall your girlfriend is

When we saw her, she was on her knees (yeah)

I cannot get tired of money

But this money, it will turn people right into greed (one, two, yeah)
I know he sick of my money (one, two, three), 'cause every time he call you
(let's go)

He wish that he called for me (yeah)

Benjamins sittin' in my left, right pocket, watch this
These niggas broke boys, watch this, watch this (let's go)
These niggas broke boys, watch this, watch this (watch)
I can make the whole crowd mosh pit, watch this (woo)
I can make your bitch wanna stop and watch this (watch)
I can make your bitch wanna stop then pop it (pop)

I ain't even drop no songs, still poppin'

I stay with a whole lotta (whole lotta, woo)

Benjamins sittin' in my left, right pocket, watch this
These niggas broke boys, watch this, watch this (let's go)
These niggas broke boys, watch this, watch this (watch)
I can make the whole crowd mosh pit, watch this (let's go)
I can make your bitch wanna stop and watch this (watch)
I can make your bitch wanna stop then pop it (woah)

I ain't even drop no songs, still poppin'

I stay with a whole lotta (baow)

Bustas, Lil Uzi stay on some mob shit, stop it

All these drugs keep fucking with my conscience

How you from my hood, but you still on some opp shit?

Time gon' tell, fuck niggas get popped quick (what?)

Fucking with Lil Uzi, yeah, that's a lose on lose (let's go)

I keep changing my clothes, dependin' on my mood, yeah

I keep changing my hoes, same way I'm changin' my shows, yeah

I keep changing my poles, but I'm not changin' my shows

Niggas, they goin' outside like a hall, 'cause they not following rules (at all)

No matter in the world where I'm gon' go, I never tuck in my jewels (jewels,
yeah)

Benjamins sittin' in my left, right pocket, watch this (let's go)

These niggas broke boys (let's go), watch this, watch this (yeah)

These niggas broke boys, watch this, watch this

I can make the whole crowd mosh pit, watch this (let's go)

I can make your bitch wanna stop and watch this

I can make your bitch wanna stop then pop it (woah)

I ain't even drop no songs, still poppin'

I stay with a whole lotta (baow)

Benjamins sittin' in my left, right pocket, watch this

These niggas broke boys (let's go), watch this, watch this

These niggas broke boys, watch this, watch this

I can make the whole crowd mosh pit, watch this (woo)

I can make your bitch wanna stop and watch this (let's go)

I can make your bitch wanna stop then pop it (woah)

I ain't even drop no songs, still poppin'

I stay with a whole lotta (Lil Uzi Vert)

Dead men on me, yeah, dead men on me, yeah (yeah)

She been feelin' me, 'cause I walked in with her rent on me (yeah)

In the sky, Percocet on me, yeah, you can feel on me, yeah

I'm not worried 'bout them, 'cause I got two big FN's on me (yeah)

Can you pop that thing 'til the mornin'?

When you pop that, smell no aroma

Don't want her like that, don't own it

That's your little bitch, please don't disown her

I'ma keep throwing this money, bee
