"Annihilate"

I just came to my senses (Yeah)

I stay in another dimension

Fear is non-existent

Suit up and swing through the city (Ooh, hey)

Annihilate, I'm wide awake, be very afraid (Afraid)

I'm in my own world, give me space

I'm in my own universe, give me space (Yeah)

Weezy Carter, I'm 'bout to go Peter Parker

I'm Spider-Man, if he ain't me, he just a creepy crawler

Tunechi spark the lighter, pull up in a new Ferrari Spider

Spider web necklace with the diamonds

She'll turn to Spider-Woman if I bite her

I will not go back and forth with you

I see you got the black widow with you

You should've had a black hero with you

I give an opp arachnophobia

I've been litty since I flicked the lighter

Since I was an itsy bitsy spider

They've been tryna wash the spider out

I got spiders crawlin' out your mouth, Spider-Verse

I just came to my senses (Yeah)

I stay in another dimension

Fear is non-existent

Suit up and swing through the city (Ooh, hey)

Annihilate, I'm wide awake, be very afraid (Afraid)

I'm in my own world, give me space

I'm in my own universe, give me space (Yeah)

I'm focused, I'm focused (Focused)

I'm chosen, I'm golden (Golden)

I'm stronger, on missions, ain't no foldin', a soldier (Soldier)

My vision persistent, I took the game, it's over (It's over)

I made a name, it's global (It's global), my enemy pass over (Hey)

I took the way to the top (Top), I had to learn to be smart (Smart)

I had to move with my heart, keepin' my eyes on the part

'Cause it get evil and dark (Evil and dark)

When it come to my opponents

I know how to beat 'em, I know to defeat 'em (Hey)

Livin' my life by the moment Somebody callin', somebody gon' need 'em

I just came to my senses (Yeah) I stay in another dimension Fear is non-existent Suit up and swing through the city (Ooh, hey) Annihilate, I'm wide awake, be very afraid (Afraid) I'm in my own world, give me space I'm in my own universe, give me space (Yeah) Okay, we bounce and shake, we roll and rock I got to set it straight, the block is hot Something's come over me, I hit unlock And tell my enemies "I'll never stop" No, no, nothing can shake me now Tell the block I made it now Yeah, the whole town is talking out I swear, nothing can stop me now All this, boosting all my senses I won't start, but I finished I shoot my shot, bet I won't miss it Only way to go is go the distance Nothing can shake me now

Nothin' can break me down Tell the whole town, we popping now Nothin' can shake me now
