"Cheatback"

I'm not gonna cry anymore

I'm not gonna wait up at night

I'm not gonna answer your calls

Whenever you're down

I'm not gonna bleach your clothes

I'm not gonna do you like that

What I really, really want

Is to cheat back (Cheat back)

Find another boo from the hood with some tats

Give him what's yours, show him I can throw it back

Maybe then, baby, you'll know how to act, huh

(Cheat, cheat, cheat, cheat back) If I cheat back (Cheat back)

Send him new pics in that outfit you like

Say I'm with my girls while he spendin' the night

Maybe then, baby, you'll know how to act, huh

(Cheat, cheat, cheat, cheat back) If I cheat back

Pullin' a you on you (You)

That's what I wanna do (Do)

Huh, I know you wouldn't like that (Baby)

If I cheat back, huh

And I'ma ride it like a rodeo

He taught me some new tricks, I'll add that to my portfolio, yeah (Yeah,
yeah)

I might even make a video

And if you ever see it, you'll be sicker than polio

Damn (Damn), 'cause cryin' ain't work for you {Yeah, yeah}

Nothin' ain't work for you {Yeah}

So the best thing for me to do

{As soon as you finish}, *might just stop cryin'* {Stop cryin'}

Don't you feel bad? {Yeah} Don't you feel sad?

It's the same thing, make love, not revenge (Love, not revenge)

Tried to finally find herself *Cheat, cheat, cheat, cheat back*

Fuckin' on someone else

You're mad, girl, your heart still here

I could've spat it, the cameras and the crew {Crazy}

I've spat you, it is what is is *Cheat, cheat, cheat, cheat back*

That's my lil twin I see

Till I win I see, gettin' revenge, I see {Righteous}

A twin I see, my little twin, I see

The beauty of you, that's what do it for me (What do it for me)

No one above you, girl, you're the best {Best}

Should've never let you down, feelin' *embarrassed*

Temptation haunting me, like you've never imagined {You say that now}

Have some *compassion on me, it's all genetic*

I wanna know if that clear what happened

Find another boo from the hood with some tats

Give him what's yours, show him I can throw it back

Maybe then, baby, you'll know how to act, huh

(Cheat, cheat, cheat, cheat back) If I cheat back (Cheat back)

Send him new pics in that outfit you like {Yeah}

Say I'm with my girls while he spendin' the night {Yeah}

Maybe then, baby, you'll know how to act

(Cheat, cheat, cheat, cheat back) If I cheat back

I was never good enough for you

You say you don't believe in monogamy

The games you play, monopoly

You lie too much, you're tryin' me

The dick was good, it blinded me
You can fuck another girl, she'll never be a half of me
See my eyes, I turn around, you ain't 'bout to make me shout
I'ma call a homie, he gon' be in me for another hour
Baby, pour another round, callin' for another round
I'ma drink you out my system, never lonely, I'ma cheat back

Find another boo from the hood with some tats
Give him what's yours, show him I can throw it back
Maybe then, baby, you'll know how to act, huh
(Cheat, cheat, cheat, cheat back) Oh, if I cheat back
Send him new pics in that outfit you like
Say I'm with my girls while he spendin' the night
Baby, you'll know how to act
(Cheat, cheat, cheat, cheat back) If I cheat back

Ah, don't you feel better
Ah, not this again, make love, not revenge
Ah, yeah
Cheatin' on you as soon as you finish, might just stop cryin'
