"Go (Xtayalive 2)"

I've been M.I.A. so long I think it's time to turn it on

This passion in my body ragin' out me like a quite storm

I've been stuck surrounded by these losers, lames, and all above

I can't fuck with that girl 'cause she said she don't know how to love

Told you that you hurt me, I felt like I had to let you know

Now you tryna pull up to my crib, I think you really gotta

Go, just go (Ahh)

Go, just go (Ahh)

Go, just go (Ahh)

Go, just go (Ahh)

Go, just go (I think you really gotta)

Go, just go (I think you really gotta)

Go, just go (I think you really gotta)

Go, just go (I think you really gotta)

Go

Go, just go

Go, just go

Go, just go

Go, just go

Go, just go (Aah)

Go, just go (Ahh)

Go, just go (Ahh)

Go, just go (Ahh)
