## "No 808's"

No airports and no flights

That's how I wanna live my life

Is that ight?

Ten girlfriends and no wife

That's how I wanna live my life

Is that ight?

No sport cars and no ice

Okay, maybe a little ice, we all got a lil' vice

No selfies, just say "Hi"

I'm so healthy and alive

4L we them same guys

Equity for my dawgs, only time you see gang signs

I'm looking to change lives, I already changed mine

Our ambition just ain't the same size

You pint sized motherfuckers watching my paint dry in real time

Telling yourself it just takes time

The time's now, stop waiting for the inspiration

They say it's a flaw being impatient but

No airports and no flights

That's how I wanna live my life

Is that ight?

No retweets and no likes

That's how I wanna live my life

Is that ight?

No breakups and no fights

Okay, maybe a few fights, we all gotta choose sides

No selfies, just say "Hi"

I'm so healthy and alive

4L we them same guys

I just want peace, I don't want no smoke

And I don't wanna go to 1 OAK, I just wanna go home

And I don't want no free jewelry, I don't want promo

I've been on the road since I turned one ocho

A hundred people on set, used to be one GoPro

My dad knows a lot of things that his son don't know

But he ain't been to all the places that his son gon' go

No airports and no flights

That's how I wanna live my life

Is that ight?

Wake up while the sun's still bright

That's how I wanna live my life

Is that ight?

No time spent on timelines

I got me a good book, I told angel "Good looks"

No selfies, just say "Hi"

I'm so healthy and alive

Cole? You stupid
