"Nightmare"

I let you in
You sunk your knife so deep
Under my skin
And cut my heart from me

Where did you go
Where's the person you used to be

I don't know you
And you don't know me

You're all alone
And you only refuse to see

Let me show you
What you can't show me

I will erase the nightmare you became

It comes in waves you're everything I hate
You try to drag me down
I'll cut you out and now
I will erase the nightmare you became

Nightmare

You're in my head
Buried so deep inside
You want me dead
But I feel so alive

Look at you now
That there's nowhere for you to run

I cut you out
And the pain is gone

I had my doubts
When it started to come undone

You fucked around
And you broke my trust

I will erase the nightmare you became
It comes in waves you're everything I hate

You try to drag me down
I'll cut you out and now
I will erase the nightmare you became

Nightmare

Now I lay me down to sleep
You're the devil in my dreams
Swear to god I will erase
This nightmare you became
Now I lay me down to sleep
You're the devil in my dreams
Swear to god I will erase
This nightmare you became

I will erase the nightmare you became
It comes in waves you're everything I hate
You try to drag me down
I'll cut you out and now
I will erase the nightmare you became

Nightmare
