"Paris"

We were staying in Paris
To get away from your parents
And I thought, "Wow
If I could take this in a shot right now
I don't think that we could work this out"
Out on the terrace
I don't know if it's fair but I thought "How
Could I let you fall by yourself
While I'm wasted with someone else"
If we go down then we go down together
They'll say you could do anything
They'll say that I was clever
If we go down then we go down together
We'll get away with everything
Let's show them we are better

If we go down then we go down together

They'll say you could do anything

They'll say that I was clever

If we go down then we go down together

We'll get away with everything

Let's show them we are better

If we go down

If we go down

If we go down

If we go down

Let's show them we are

Show them we are

Let's show them we are

Show them we are

Let's show them we are better

Let's show them we are

Show them we are

Let's show them we are

Show them we are

Let's show them we are better

If we go down then we go down together

They'll say you could do anything

They'll say that I was clever

If we go down then we go down together

We'll get away with everything

Let's show them we are better

We were staying in Paris (if we go down)

We were staying in Paris (if we go down)

We were staying in Paris (if we go down)

We were staying in Paris (if we go down)

If we go down

If we go down

If we go down

If we go down

If we go down

If we go down

If we go down

If we go down then we go down together

We'll get away with everything

Let's show them we are better

If we go down

If we go down

If we go down

If we go down
