## "Passionate"

Yeah

I been too passionate

Passionate, passionate, passionate

Remember days we wasn't having shit

Having shit, having shit, having shit

And now we gang sliding and we got some bags in this bitch

Bags in this bitch, bags in this bitch, bags in this bitch

Two door, two door, two door, you know I got a bad lil' bitch

Bad lil' bitch

I put on for the city, I put on for the map

Tell them niggas tap in, we on the phone, it's a wrap

If we ain't gon' get it bussing, we ain't flash on nothing

If you're tryna stand on it gotta put that on something

I been too passionate, but when I ride the 'Rari I ain't never gon' fasten shit

And when my bitch inside it, she don't like when I go fast and shit

Motor in the hood sound just like a dragon, bitch

And I put that on my momma

I ain't gon' raise a bastard son

He ain't gon' have to pick up sticks, he ain't gon' have the drum

He'll know his daddy had a mothafucking platinum run

I like my Fanta and syrup too concentrated

I'm holding down my family, I told 'em promise I made it

My lil' bro took my chain, he said this shit look amazing

My grandma told me I look like I won in Vegas, shit

I been too passionate

Passionate, passionate, passionate

Remember days we wasn't having shit

Having shit, having shit, having shit

And now we gang sliding and we got some bags in this bitch

Bags in this bitch, bags in this bitch, bags in this bitch

Two door, two door, two door, you know I got a bad lil' bitch

Bad lil' bitch

Yeah

And I done put my heart and soul in it

Got it out the mud, I promise it's a cold feeling

This ain't overnight, I woke up with no ceiling

I made a vision come to life, I'm Cole Bennett  
720S, I'm suicidal door living  
But I still gotta do some soul healing  
Lonely at the top, everybody can't go with him  
We can't even chop it, you stopping the momentum

And I been too passionate  
I ain't looking over shoulders, bae, the bag legit  
Lemme show you how to get it, go from rag to rich  
Presidential tint, I can't be average, yeah, it's Blxst and Ricch  
We done came a long, long way, lil' baby  
I could never knock my losses, it made me  
Said I'm the truth, baby, but I thought you knew, baby  
The one, not the two, baby

I been too passionate  
Passionate, passionate, passionate  
Remember days we wasn't having shit  
Having shit, having shit, having shit  
And now we gang sliding and we got some bags in this bitch  
Bags in this bitch, bags in this bitch, bags in this bitch  
Two door, two door, two door, you know I got a bad lil' bitch  
Bad lil' bitch
