"Pray It Away"

Fuck nigga, fuck nigga, fuck nigga

I just learned to hate from a fuck nigga

Just start healin'

Now when I hear his name, I get more triggered

My feelings, my feelings, my feelings

They really got hurt by a fuck nigga

Damn, I waste this time for nothin'

I faked it for nothin'

Can't talk to my friends 'cause they hate you too

And if the option's violence, don't make me choose it

God knows my heart, I'm wildin', wildin'

So close to doin' somethin'

Maybe I should go and take it to church (Uh)

And wash it away 'cause I want that nigga to hurt

But I'ma just pray it away before I give him what he deserves first

Ah (Ah), ah (Ah)

Take it to church

I am not trippin', I know he disloyal
Should've let him trick on me, not really love him
'Cause when things go bad, that's when I get crazy
And when I get angry, the gun is off safety
You know I'm not perfect, I'm no Virgin Mary
I feel what I feel so my actions may vary
That's on my soul, I lost my halo, my halo is gone
I'm on the road

Hey, God knows my heart, I'm wildin'

So close to doin' somethin'

Maybe I should go and take it to church

Ooh, away 'cause I want that nigga to hurt

But I'ma just pray it away before I give him what he deserves first

Ah (Ah), ah (Ah)

Fuck nigga, fuck nigga, fuck nigga

I just learned to hate from you

Lord knows I'm tryin', I pray every night

But I can't help that I'm messed up in the head

Tryna be saved, but you gonna need savin'

'Cause you got someone else in my bed

Call on the Lord

Down on my knees, yeah, I've been here before

Don't wanna do somethin' that I'll regret, I'll regret, I'll regret it again

Regret it, regret it again

So I take it to church, so I take it to church

Take it to church (Church)

So I take it to church, take it to church

Oh, oh

Take it to church, it to church
