## "We Love You"

There you are, you've come so far  
Sunny days, the air tastes so sweet, flowers greet  
Birds will sing you mean everything  
You can be anything

More power

More pace

More money

More taste

More sex

More pills

More skin

More shills

Build tall

Build higher

Build far

Build wider

Build here

Build down

Build up

Build now

Well, look at the way you go

You're one in a million

And you know it shows

And we love you

Unto the mud

More wants

More needs

More hits

Morphine

More speed

More drive

More self

More time

Build out

Build fast

Build strong

Build vast

Build too

Build more

Build all

Build war

Look at the way you go

You're one in a million

And you know it shows

And we love you

Do unto the mud

Mud

Race to scale the body stack

Lay foot to face atop broken back

A failure here is a failure earned

So do unto the top

Do unto the end

Do unto the mud

Do

More power

More pace

More money

More taste

More sex

More pills

More skin

More skills

More wants

More needs

More hits

Morphine

More speed

More drive

More self

More time

Build tall

Build higher

Build far

Build wider

Build here

Build down

Build up

Build now

Build out

Build fast

Build strong

Build vast

Build, build

Build, build

Build, build

Build, build

Look at the way you go

You're one in a million

And you know it shows

And we love you

Look at the way that you choose

You know you'll never lose

And all that you are

It was all you deserved anyway

Sunny days

And we love you

And we love you

And we love you
