"Beyond"

It's only my heart that you're taking

But you're so alive, it's amazing

Before we begin, I wanna make it go on and on and on

It's only my hate that you're killing

'Cause you're so alive, it's thrilling

I wanna succumb, take me beyond

Come together 'cause I'm ready for you

Nothing matters, all I want is you

Just say you'll leave me alive

Just stay, I'm ready to die

Give me everything I never could have

I'll show you everything I know that I am

Just one more time tonight

I promise, in the morning, everything is alright

Write this down and mark my words

I will tear myself apart for you

Find me where the lights go down

And I'll show you what I see

It's only my heart that you're taking

But you're so alive, it's amazing

Before we begin, I wanna make it go on and on and on and on

It's only my hate that you're killing

But you're so alive, it's thrilling

I want to succumb, I wanna take you beyond

All I wanted was a dream come true

All I wanted was a woman like you

With a fire in your heart, smoke in your eyes

And all I wanted was a place for you and I

Write it down and mark my words

I will tear myself apart for you

Find me where the lights go down

I'll show you what I, I'll show you what I see

It's only my heart that you're taking

But you're so alive, it's amazing
Before we begin, I wanna make it go on and on and on and on
It's only my hate that you're killing
But you're so alive, it's thrilling
I want to succumb, I wanna take you beyond

It's only my heart that you're taking
But you're so alive, it's amazing
Before we begin, I wanna make it go on and on and on
It's only my heart that you're taking
But you're so alive, it's amazing
Before we begin, I wanna make it go on and on and on and on
It's only my hate that you're killing
'Cause you're so alive
I want to succumb, take me beyond
