## "Don't Give It Away "

Don't give it away

You know it's mine, tell me who gon' make you feel this way?

So many times I fucked up with you, but I'm done with the games

Act like I wanted you to leave, but girl, I need you to stay

Don't give it away, no, no

Order what you want and put it all on me

Know we go together like a harmony

Every time we pop out, we gon' make a scene

Love that you ain't fuckin' with no goofy

We gon' fuck around and make a movie

Let me get it wetter than a jacuzzi

Shawty, you know you could have it your way

You be actin' different after foreplay, mm

Girl, ain't no competition with you, I don't even gotta choose

And I don't plan on stoppin', I be rockin' with you win or lose

So, baby, if it ain't you, I don't know who's who

Shawty, I need you

Shawty, I need you

Don't give it away (ooh)

You know it's mine, tell me who gon' make you feel this way (ooh, oh)

So many times I fucked up with you

But I'm done with the games (games)

Act like I wanted you to leave, but girl, I need you to stay (oh-oh)

Don't give it away (give it away), no, no

Keep that shit a hunnid or nothin' at all

When you're fucked up, tell me, who do you call?

Put you on my team, even gave your ass the ball

Tell me you want change like

Leaves in the Fall (like leaves in the Fall)

Used to look over the city while I blow your back out (out)

Love when I'm aggressive, I might pull a track out (track out)

Put it in reversed, yeah, I had to back out

Every time we fuck, girl, I made you tap out, yeah

It ain't no competition with you, I don't even gotta choose, no, baby

And I don't plan on stoppin'

I be rockin' with you win or lose (win or lose)

So, baby, if it ain't you, I don't know who's who (I don't know who's who)

Shawty, I need you, yeah

Shawty, I need you, yeah

Don't give it away (ooh, oh)

You know it's mine, tell me who gon' make you feel this way? (Way)

So many times I fucked up with you

But I'm done with the games (oh, games)

Act like I wanted you to leave, but girl, I need you to stay (oh)

Don't give it away (give it away)

Don't give it away (ooh)

You know it's mine, tell me

Who gon' make you feel this way (ooh, who gonna?)

So many times I fucked up with you

But I'm done with the games (oh, games)

Act like I wanted you to leave, but girl, I need you to stay (oh)

Don't give it away (oh-oh, give it away)

No, no

Stay, need you to stay, yeah, yeah, yeah

Stay

So many times I fucked up with you, but I'm done with the games

Ain't like I wanted you to leave, but girl, I need you to stay

Don't give it away
