## "GRL GVNG"

Yeah

Ay (Ay)

A band of hittas, we a different kinda party  
The type of crew don't gotta answer to nobody  
You mess around with us, I promise you'll be sorry

Trust me, Trust me  
That'd be a big mistake

We go hard everyday (We go, we go hard)  
Me and my girls ain't here to play (We ain't here to play)  
If you ain't tough, can't join the club (Can't join the club)

Yeah we only got room for the baddest (Baddest)

Made of winners my team go ham with it

Don't you let these pretty faces fool you  
Savage underneath (Yeah, we're so savage)

There's no limit, nothing that we can't do  
Whatever the problem  
We know how to solve 'em (Yeah, yeah)

Work flow, hustle game  
Never pick fights with a girl gang  
All of my ladies are fire  
Rolling with queens, issa female empire  
Work flow, hustle game  
Never pick fights with a girl gang  
All of my ladies are fire  
Rolling with queens, issa female empire

Bow down

Get back

Head down

Get stacks

Bet you can't match these stats  
Try to catch up we stay one step ahead  
Bet you can't rack up these checks  
Give it a shot but you'll end up finessed

Boom Ha

Confident chicks with whole new swagger

Boom Ha

Level so high gonna need that ladder

We got something extra hot

Yummy yummy out the pot

Rolling deep when we in town

You ain't know you're learning now

They say you so fly oh my god

Crew so tight they know we on lock

Drip so cold we're stylin' like ice

Crew so bold we stupid on sight

Don't you let these pretty faces fool you

Savage underneath (Underneath)

There's no limit, nothing that we can't do (Nothing we can't do it)

Whatever the problem

We know how to solve 'em (Do it, do it)

Work flow, hustle game

Never pick fights with a girl gang

All of my ladies are fire

Rolling with queens, issa female empire (Yeah, yeah)

Work flow, hustle game

Never pick fights with a girl gang

All of my ladies are fire

Rolling with queens, issa female empire

Heavy hitters

Gang of winners

Put 'em up

Who the realest

Ooh the way we shine it's always burnin'

Ooh they gonna see us when we coming

Work flow, hustle game

Never pick fights with a girl gang

All of my ladies are fire

Rolling with queens, issa female empire (Ooh, yeah)

Work flow, hustle game

Never pick fights with a girl gang

All of my ladies are fire

Rolling with queens, issa female empire

We go hard everyday

Me and my girls ain't here to play  
(Yeah yeah yeah we be the we be the)

Baddest baddest yea  
(Only got room for the)

Baddest ooh
