"Surrender"

You've always told me that you know me
But you don't really know me at all (no)
You just played me and betrayed me
And showed no sympathy at all, no

Why can't you just please surrender?
Surrender what you promised
Surrender what I need

Why can't you just see that sweet surrender in me?
One time, surrender to me

So, will you stand tall and be accountable?
And tell that little girl you lied (oh no)
And how you lost it, I'm so exhausted
And this is where I draw the line for the last time

Why can't you just please surrender?
Surrender what you promised
Surrender what I need, oh baby

Why can't you just see that sweet surrender in me?
One time, surrender to me

I'm done wastin' time
So sick of your lies
And every time, you seem to change your mind
Manipulate
So quick to hate
A true master of your art, you demonstrate

But I need a break from you
I need to separate from you
I need to keep my faith and do all the other things I promised to
Why'd you always make me wait on you?
I really need a break from you
I need to keep my faith and do all the other things I promised to
I really need a break (break)
I really need a break (break)
I really need a break, break, break, break, break

Why can't you just please surrender?
Surrender what you promised
Surrender what I need, oh baby
Why can't you just see that sweet surrender in me?
One time, surrender to me
Surrender to me (to me, to me)
Surrender to me
